PuFiSeg2025 Data Agreement Consent

Please kindly review the document thoroughly and sign it before returning it to pufiseg2025@gmail.com. After careful assessment, organizers will send data access links to you.

Please find the following guidelines and instructions:

1. Participants should register with their real names, affiliation (including department, the full name of university/institute/company, country) and affiliation E-mails.
2. Participants are not allowed to transfer the dataset to others. The challenge data and results will be freely available for academic use only after the challenge results have been published. All participants must agree to the CC BY-NC-ND license.
3. To ensure a fair comparison, participants are not allowed to use any additional data or pre-trained models.
4. Participants can only register with one team and account.
5. All individuals who use our dataset **must** obey the **citation rules**. If using this dataset in your paper, you are required to cite the following papers:

[1] Zhang, Sheng, Yingying Fang, Yang Nan, Shiyi Wang, Weiping Ding, Yew-Soon Ong, Alejandro F. Frangi, Witold Pedrycz, Simon Walsh, and Guang Yang. "Fuzzy attention-based border rendering orthogonal network for lung organ segmentation." *IEEE Transactions on Fuzzy Systems* (2024).
